

American unveils 737 Max 10 delivery schedule

Olivier Bonnassies

14/05/2025

US carrier [American Airlines](#) will start taking delivery of the Boeing 737 Max 10 model in 2029, according to its delivery schedule.

The document, which was drafted in March 2025, a year after the order announcement with Boeing, includes 10 deliveries in 2029.

The aircraft are powered by CFM International Leap-1B27 engines.

In 2030 American expects the delivery of 12 units, 15 in 2031, 15 in 2032, 10 in 2033, 10 in 2034 and the final 15 in 2035.

In March 2024 [American Airlines announced orders for 260 new aircraft](#), including 85 Airbus A321neo, 85 737 Max 10 and 90 Embraer 175 aircraft. The orders also include options and purchase rights for an additional 193 aircraft.

As part of the Boeing order, American has upgauged 30 existing 737 Max 8 orders to the 737 Max 10 model. The Max 10 was initially scheduled for 2026.

On 13 May, *Reuters* reported that United Airlines made it clear that it is not expecting to take delivery of the 737 Max 10 until either 2027 or 2028, citing continued uncertainty regarding the aircraft's certification process.
